

Security guard agreement 2018 - Copenhagen

Vessels with LOA larger than 200m, CMP will provide two security guards.

Vessels with LOA less than 200m, CMP will provide one security guard.

When handling of ship supply is agreed in advance, CMP will provide two security guards, but only as long as the ship supply is handled.

Additional security guards are ordered through CMP Port Office 24 hours in advance – expenditure on security guards is to be paid by the vessel.

In urgent need for security guards CMP will try to obtain extra security guards within two hours.

The price of additional security guard is DKK 400.00 per man/hour - Minimum pay is 3 hours.

As CMP is responsible for security in the port only security guards provided by CMP can operate at the fence and within the area.

The vessel may use own or other companies security guards at the ships gangways.

If the view is blocked (perimeter) additional CMP-security guards have to be ordered on the vessels account.
